MY FAVOURITE PLACE IN POLAND
– Michał Szczepański class 4E
NOWICA
- this is my favourite place in Poland
There are a lot of animals in **Nowica**: cats, goats, dogs/wolves and horses.
There are some cows. I can drink fresh milk.
You can find wonderful natural views there, green meadows, blue skies and places like war cemeteries.
I can visit a lot of interesting places every day.
There is always something new to see.
There are churches and museums nearby.
I sleep in a tent when the weather is good. The tent is in the middle of some trees. Horses come sometimes to visit me.

It is truly amazing!

I will go there again this summer with my dad. He loves Nowica too. It is a little sweet place for everyone.
